Tan Extraordinaire 99.9% Natural Sunless Blend

by Tampa Bay Tan

Neutral Brown

A medium to thick formula, light-medium bronzer style, moisturizing self-tanning solution for a very natural looking brown tan.

99.9% Natural

Alcohol, Nut, fragrance, Soy, paraben and gluten free, vegan friendly and dermatologist tested. Organic and natural ingredients in every bottle.

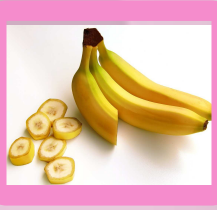
Odor Capture Technology

Encapsulates odors, rather then just masking DHA developmental scent. Helps to both capture and neutralize odor causing molecules as they are formed.

No added Fragrances

Moisturizing Self Leveling

Super Fruit Extracts, Yeast ferment, Aloe Vera, Banana, Lavender, complex pack in an Antioxidant Boost with added hydration. Self Levels on the skin to minimize streaks. Herbal scent from plant extracts



Very well suited for clients who do not want a “just sprayed” Fake Tan look.

Light bronzer is easily worn in public.

5% is an excellent option for the the super fair client. Well suited for dry to very dry locations.

Bronzer color and depth closely matches final tan, to minimize "shower- shock" from bronzer rinse off.

Also available in a clear Tint-Free version.

Bronzer image is representative, only.Color may vary on your skin based on your skin type, tone, and attributes. Monitor or printer color may vary based on lighting, inks, paper and printer type.

This is a professional level skincare product. Best results obtained when applied to correctly prepared skin, matching DHA level to untanned skin type. Result may vary based on your skin, prep, and tan care.
